

**IACLE involvement in 2<sup>nd</sup> World Congress of Optometry,  
Hyderabad, India, 11-13 September**

**IACLE Executive Board and Staff**

**IACLE Fellows and Members**

**Dr Shehzad Naroo:**

Oral: A complete rethinking to training in optometry and primary eye care

Oral: Introducing specialist services in routine practice

Oral: Addressing CL dropouts

**Dr Shehzad Naroo and Nilesh Thite:**

Workshop: Toric soft contact lenses

Workshop: Presbyopia and contact lenses

**Dr Luigina Sorbara:**

Oral: Orthokeratology and myopia control (panel and talk)

Oral: Update on myopia control

**Dr Ety Bitton:**

Oral: Unravelling the causes of anterior blepharitis

Oral: Daily disposables – taking one day at a time

Moderator:

**Dr Janice Jurkus:**

Oral: Contact lenses in management of presbyopia

Moderator: Interesting Anterior Segment Cases and Cornea

**Prof Desmond Fonn:**

Oral: The best of both worlds – daily disposable silicone hydrogel lenses

**Nilesh Thite:**

Oral: Change in attitude of spectacle users about contact lenses after trial

Oral: Perception of optometry as a profession among India Optometry students

Moderator: Complex therapeutic contact lens fits

**Nilesh Thite and Yeshwant Saoji:**

Workshop: Effective communication in patient interaction

**Lakshmi Shinde:**

Oral: The effects of corneal collagen cross-linking with Riboflavin on fitting of contact lenses – an Indian clinical practice overview

Oral: Expanse of private practice providing primary eye care in India

Oral: Self-regulation of profession of optometry in India

**Dr Rajeswari Mahadevan:**

Oral: High and low Dk gas permeable lenses – do they act differently?

**Dr Haiying Wang:**

Poster: A study of anisometropia and stereopsis among children in Tianjin, China

**Prof Kyounghee Park:**

Poster: A study on straylight's changes in relation to soft contact lenses

**Prof Monica Chaudhry:**

Oral: Challenges in achieving higher quality of education in optometry degree programs without accreditation – an Indian perspective

Poster: Impact of Australian leadership fellowship award (ALAF) towards optometry education and in developing optometry programs

**Nicholas Rumney:**

Oral: Unravelling structure and function – new paradigms in glaucoma diagnosis

Workshop: OCT in primary care

Poster: Achieving fellowship of the American Academy of Optometry

**Bariah Mohd Ali:**

Oral: Trend of contact lens wear amongst university students in Malaysia

**Prof Prema Chande:**

Oral: Identification of ocular structural and functional markers for pre-diabetes and diabetes mellitus

**Maheswari Srinivasan:**

Oral: Incidence, prevalence and trends in keratoconus in a tertiary centre in Chennai, India

**Anitha Aravind:**

Workshop: Pediatric dispensing and anthropometry for children's spectacle frames

Oral: Perceptions, expectations, apprehensions and realities (PEAR) of graduating optometry students from Indian schools and colleges of optometry in 2017

Poster: Fellowship of association of schools and colleges of optometry (FASCO) – India's initiative to advance and achieve excellence in optometry

**Fakhruddin Barodawala:**

Oral: Construction and validation of logMAR chart in Chinese

**Preetha Sampat:**

Oral: Effect of induced spherical blur on visual acuity and stereoacuity, in relation to ocular dominance

Poster: Effectiveness of INETA vision therapy in treatment of amblyopia

**Amod Gogate:**

Workshop: Are we really meeting the needs of our monthly contact lens wearers?

**Khem Raj Nackwal:**

Oral: Mastermind – Bridging the gap between college and practice

**Jyothi Thomas:**

Oral: Sensitivity and specificity of various VA and stereoacuity charts used for screening refractive errors in children aged 3-6 years

**Chinmay Deshpande:**

Oral: Perceptions of Indian optometrists regarding research in optometry

**Aloe Gupta:**

Oral: Normative values for vergence and accommodative system in adult Indian population

Poster: Development and initial validation of quality of life questionnaire specific to amblyopic children based on clinician's perception

Poster: Quality of life in low income group strabismic amblyopes of India

**Sneha Aggarwal:**

Oral: Use of rigid gas permeable contact lenses in patients with corneal opacity to evaluate best corrected visual acuity for a better prognostic approach and decision making for grafting of cornea

Oral: Scleral contact lens fitting

Poster: Management of low vision disorders

**Preetam Kumar:**

Oral: Spatial and depth vision with different contact lens management modalities in keratoconus

Oral: Optical indication of PROSE lenses- an overview of the trend in practice

**Shraddha Kadam:**

Oral: Management of pediatric unilateral aphakia and secondary squint with contact lenses

**Puja Banerjee:**

Oral: Demonstration of visual rehabilitation of Stevens-Johnson syndrome after fitting PROSE scleral device

**Kamal Pant:**

Poster: Impact of tertiary care hospital based low vision services on the quality of life of the low vision patients of north India city

**Usman Memon:**

Poster: Significance of pantoscopic angle in dispensing PALs and its effect on functional vision

**Unnati Vaish:**

Poster: Demographic and clinical profile of patients presenting at low vision clinic of a tertiary eye care centre in Uttar Pradesh, India

**Veshal Madan:**

Poster: Comparative clinical evaluation of SDOCT with fundus fluorescein angiography (FFA) for the detection of diabetic macular edema
