IACLE is the leading provider of educational and information resources essential to contact lens educators worldwide.

Who is IACLE?

The International Association of Contact Lens Educators (IACLE) is an educational association dedicated to raising the standard of contact lens education and promoting the safe use of contact lenses worldwide. IACLE was established in 1979 and is a non-profit, non-political association.

Our Focus

Increase the number of qualified contact lens educators

- Improve the quality of contact lens teaching and provide an educational infrastructure thereby increasing the number of skilled contact lens practitioners worldwide

How We Increase Growth in the Contact Lens Market

- By identifying, recruiting and training contact lens educators
- By “educating the educators” through courses and seminars
- By developing and distributing educational resources and providing training on their proper use
- By assessment of the level of knowledge and skills of educators and their students
- By providing on-going support such as continuing education to educators and practitioners
