Contact lens educators in Shenzhen shown IACLE resources

China National Coordinator **Professor Wang Haiying** visited [Shenzhen Vocational Institute](#), Shenzhen, China, to demonstrate IACLE resources to the Dean of Optometry **Jin Chenhui**, the Resource Center Coordinator **Liu Keyou**, and contact lens educator **Zhang Yanming** (28 September).

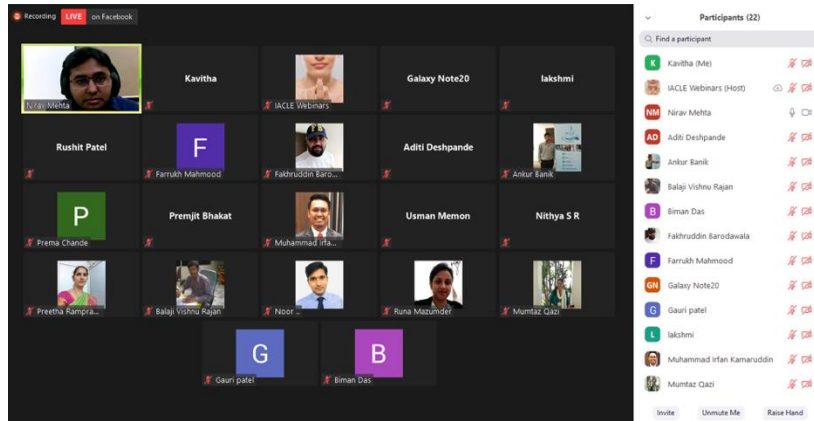

Haiying (pictured far right) introduced IACLE’s Learning Management System, [IACLETOP](#), the [IACLE Contact Lens Course](#) and the [Student Trial Exam](#) (STE). Attendees showed a keen interest in the resources and thanked IACLE for helping contact lens educators implement the curriculum and improve their quality of teaching.

India Education Team hosts IACLETOP webinars

FIACLE **Nirav Mehta** hosted a webinar to share his experience using [IACLETOP](#) (9 October). Almost 40 participants tuned into the online lecture through Zoom and Facebook live. ‘Great talk, very helpful. This generation of teachers is always continuing to learn!’ was among the feedback received from members.

Executive Manager of Global Education **Lakshmi Shinde** and IACLE member **Dr Atanu Samanta** hosted a webinar where Lakshmi discussed the [Case Report Series](#) that is available to access through [IACLETOP](#). Dr Samanta presented a case discussion on ‘Restoration of binocular vision and cosmetic appearance for a 17-year-old monocular aphakic patient with an iris tear and scleral nevus of Ota’.

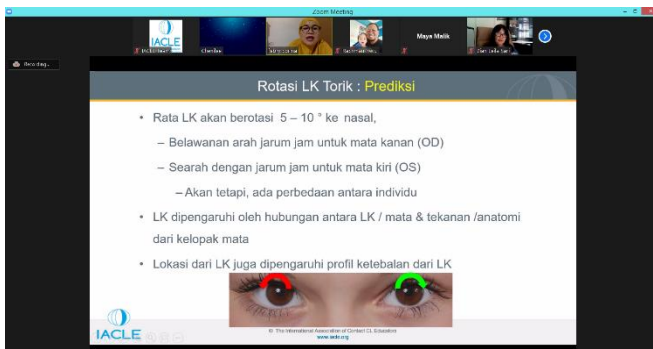

Feedback from IACLE members included: ‘Thank you both. This is very helpful for new educators like me,’ and ‘It’s a very useful tool being able to virtually teach some practical elements during lockdown times.’

IACLE showcases resources at Korean university

Korea National Coordinator **Professor Kyonghee Park** (pictured) presented a lecture at [Dongnam University](#), Suwon, South Korea, that focused on the [IACLE Contact Lens Course](#) (23 October). The aim of the lecture was to prepare students for the [Student Trial Exam](#). During Kyonghee’s visit she encouraged **Professor Okjin Lee** to use IACLE’s [Case Report Series](#) for teaching during practical sessions, since this indirect experience will benefit students who cannot attend clinics.

AP Regional Coordinator holds webinar in Indonesia

IACLE Asia Pacific Regional Coordinator **Dr Cheni Lee** and FIACLE **Febry Corina** from the [Akademi Refraksi Optisi](#), Padang, Indonesia, hosted a webinar on the topic of ‘A fresh look at astigmatism and soft toric contact lenses’, that focused on two case studies (28 October).
