On 10 May, [Menicon](#) collaborated with IACLE for a webinar series on keratoconus and contact lens fittings. China National Coordinator **Professor Haiying Wang** introduced treatment and correction for keratoconus. FIACLE **Lv Tianbin** from [Henan Eye Hospital](#) in Zhengzhou, China, delivered a lecture on RGP fitting for keratoconus. Finally, **Dr Yang Xiao** from [Zhongshan Ophthalmic Center, Sun Yat-sen University](#) in Guangdong Province, China, discussed the Rose K fitting for keratoconus. A total of 100 people, including IACLE members, students, and practitioners, attended the online discussion.

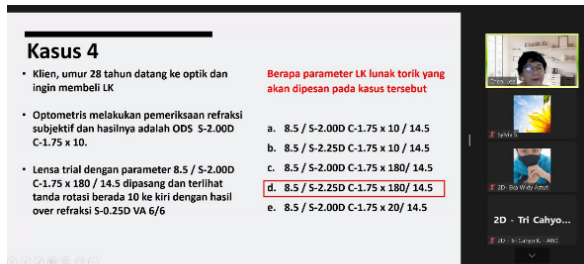

B+L collaborate with CL Gupta Eye Institute for CL conference – India

In association with [Bausch + Lomb](#), [CL Gupta Eye Institute](#) hosted a dedicated contact lens conference at the CL Gupta Moradabad campus (21-22 May). The two-day event focused on soft contact lenses and specialty contact lenses and around 200 delegates, both students and practitioners from various institutions across India, attended. In addition, IACLE Executive Manager of Global Education **Lakshmi Shinde**, Executive Manager of Educational Programs **Nilesh Thite**, FIACLEs and IACLE members gave insights on the contact lens industry through interactive lectures and panel discussions.

Johnson & Johnson conducted an industry seminar at the Academy of Optometry in Surabaya, Indonesia, on Acuvue products and a review of the contact lens operating procedures (24 May). Over 90 students attended the session.

IACLE Asia Pacific Regional Coordinator **Dr Cheni Lee** hosted a case discussion webinar on toric lenses (27 May). Almost 80 IACLE members and students attended the interactive session.
