IACLE reports success of TLC (Teach. Learn. Connect.) Initiative

IACLE's TLC Initiative to support its members, their students and the contact lens industry during the COVID-19 pandemic and beyond, has been a major success since it launched three months ago today.

Some of the notable achievements of the initiative include:

- At least 4,828 members and their students have taken part in **global, regional and national TLC webinars**.
- Around 85 members have already registered for our first-ever **Virtual Conference**, taking place on **26 September**.

[Read the conference brochure.](#) [Register here](#)

- A total of 842 members have signed up for **IACLETOP**, our Learning Management System.
- So far, 302 students from nine institutions across the world have taken the new **Online Student Trial Exam (STE)**.
- **Social media activity** has increased across all platforms, gaining over 1,700 followers on IACLE's Facebook page, an increase of 37% in a three-month

period. The introduction of Instagram has been especially popular, with 1,092 followers joining since its launch at the start of The TLC.

- A revamp of IACLE **email communications** to ensure members are the first to hear about the latest developments.
- Since The TLC launch, **35 new members** have joined IACLE bringing the total number of members to 997.

IACLE's next global webinar series will focus on myopia and its management, starting on **3 November**. The topic of the first webinar is 'What causes myopia and its progression? – current understanding', presented by **Professor Nicola Logan** from Aston University, Birmingham, UK.
