Preparing South Korean students for the Student Trial Exam

On 21 October, IACLE Korea National Coordinator **Professor Kyounghee Park** visited [Jeonbuk Science College](#) in Jeongeup, South Korea, to introduce IACLE and its resources. She spoke to the students about what IACLE offers and encouraged educators to become IACLE members.

Professor Park also conducted a webinar for students at [Choonhae College of Health Sciences](#) in Ulsan, South Korea, to help prepare them for the [Student Trial Exam](#) that they are sitting this month. Professor Park demonstrated the fitting assessment and some [Case Reports](#) via [IACLETOP](#).

IACLE China Educator Meeting

IACLE China held a virtual educator meeting on 22 October. Industry representatives from [Alcon](#), [CooperVision](#), [Johnson & Johnson](#), and [Bausch + Lomb](#) were a part of the agenda. The topics discussed included toric lenses, orthokeratology, bifocal lens fitting, lens care, and contact lens

innovation. A total of 60 members attended the meeting.
