During the past month, the IACLE Americas Office hosted webinars with an attendance of 224, including 46 IACLE members and 178 ECPs. IACLE Professor **Aldo Ortiz** discussed his experience with presbyopia and contact lenses, sharing his techniques for motivating patients to accept a trial and final fit. Dr **Sabrina Lara** talked about using technology, such as mobile phones with adapters, to register graphic information from patients for clinical practice. IACLE Professor **Ana Maria Agudelo** demonstrated how 3D printer technology can be used to develop devices for mobile phones, retinoscopy, and fundus examinations. Lastly, **Guillermo Carrillo** hosted a Journal Club discussion on a paper about the profiles of parents and patients for myopia control.
