

## **Dr Byki Huntjens**

Dr Byki Huntjens is a Dutch optometrist, educator, and researcher working in London, UK. Following her bachelor's degree in optometry from the Hogeschool Utrecht in the Netherlands, Byki completed her MSc and PhD at the University of Manchester, UK. She joined City, University of London in 2009, where she taught contact lenses for over a decade, and supervised several MSc and PhD students in the field of contact lenses, myopia, and dry eye. Recently, Byki became an independent consultant in contact lenses and dry eye. She currently also serves as a Council member of the British Contact Lens Association (BCLA) and was past-Chair of the British and Irish University and College Contact Lens Educators (BUCCLE).
